### SUN IN LEO

Proud and intensely individual, you really want to stand out, to be the very best you can be, and to be recognized and appreciated for your unique contributions. Doing something well and being respected for it is extremely important to you, and you cannot tolerate being in the background, taking orders from others, or being "just one of the team". You must put your personal stamp on whatever you do, and direct your own course in life. You need to have a place where you can shine, express yourself creatively, and be the one in charge.

You have big dreams and the determination, spirit, vitality, and enthusiasm to bring them into being. You also have a noble, romantic heart, and a love of the dramatic, colorful, and extravagant.

For you it is true that "all the world's a stage" and you secretly (or perhaps not so secretly) desire to be the Star or Hero in the play. You want to be great, and to receive the love and applause of an adoring audience, even if the "audience" is just one other special person. You need someone to believe in you and your dreams.

Though you appear radiantly self-confident and independent, you are actually very much dependent on the affirmation, love, and recognition of others. You cannot bear being unnoticed or unappreciated.

You also love wholeheartedly and generously and really know how to make the person you love feel special. You love the magic of "being in love" and know how to keep the romance alive in your relationships. You are also immensely loyal and will defend your loved ones and stand by them to the end - as long as they never offend your pride or betray your trust.

However, you like to be the strong one in a relationship and you really do not share the leading role very easily. Ideally you need to find a person who is as strong-willed as yourself, but who will not try to dominate or compete with you.

Your strengths are your zest and love for life, your creative power, and your warm and generous heart. Your primary fault is your tendency to be very egocentric, so concerned with the impression you are making and with your own creative self-expression that you forget there is another, larger world that does not revolve around you.

## SUN IN 8TH HOUSE

You crave intense experiences and are attracted to aspects of life that are strange, unfathomable, or taboo. You may hide your interests or inclinations, except from those who know you very intimately. You are rarely content with yourself and your life, and you have an inner urge to be continually going farther or deeper than you ever have before. You also have a strong interest in social power and the role that money and economics play in people's lives.

## SUN HARD ASPECT MOON

You often feel that you are at cross purposes with yourself, for your conscious intentions and desires conflict with your subconscious emotional needs and drives. You are pulled in two different directions. You have difficulty satisfying both your need to be an individual and your need for caring relationships and a sense of belonging. Also, you send out mixed messages so people don't always know how to respond to you or know what you really want, thus creating confusion or conflict in close relationships.

## SUN CONJ URANUS

Innovative, original, unorthodox, and unconventional, you identify with the role of rebel, reformer, or iconoclast. You insist upon a great deal of personal freedom and do not easily adapt yourself to others' needs and wishes. You need a lifestyle that allows you to be spontaneous.

Often you feel that you are somehow different from other people and outside the mainstream of society.

## SUN HARD ASPECT NEPTUNE

You are extremely sensitive and imaginative, and you can get lost in your dreams, fantasies, and visions. You are attracted to artistic and creative pursuits, the world of color, beauty, and emotion. You are also drawn to mysticism and have deep spiritual aspirations and yearnings. Gentle and peace-loving, you may lack the will and competitive spirit needed to make your way in the world. You are often impractical and may seek to avoid or escape the hard realities of life.

## MOON IN AQUARIUS

You are not easily moved by emotional displays and can be curiously detached from your own and others' emotions. It's almost as if you could turn your feelings on and off at will so you should be careful not to leave the switch "off" too often, for you could easily become too impersonal. Family ties and attachments are not as important to you as they are to most people and you often consider your friends closer to you than your blood relatives. Certainly, your sympathy and concern extends much beyond your immediate family. In your personal relationships, you insist upon a certain amount of independence and the freedom to pursue friendships with as many people, of both sexes, as you choose. You do not appreciate a jealous, possessive partner.

You feel comfortable in an atmosphere that is open and experimental, and you have little taste for convention and tradition.

## MOON IN 1ST HOUSE

You have a soft exterior and tend to relate very personally and sympathetically to other people. However, you sometimes let your emotions overpower your reasoning and logic, and consequently you are sometimes biased in your opinions. You are impressionable and rather gentle, or at least that is the way you appear. Your feelings are on the surface and you can not hide your emotions.

Though you appear radiantly self-confident and independent, you are actually very much dependent on the affirmation, love, and recognition of others. You cannot bear being unnoticed or unappreciated.

You also love wholeheartedly and generously and really know how to make the person you love feel special. You love the magic of "being in love" and know how to keep the romance alive in your relationships.

## MOON HARD ASPECT URANUS

You crave excitement, change, and discovery, and cannot tolerate a routine or lifestyle that offers little in the way of surprise or challenge. Excitable, spontaneous, and enthusiastic about anything new, you may be perceived by others as being too impulsive, especially in personal relationships. It is not easy for you to make or keep commitments, since you don't know how you will be feeling from one day to the next. Emotional freedom is very important to you. Your domestic life can be very unstable - but you like it that way.

## MOON HARD ASPECT NEPTUNE

You are a dreamer, attracted to the inner, mystical side of life, and may have trouble distinguishing the real from the imagined or illusory. You do not enjoy confrontation and become very evasive when problems in your personal life arise, escaping into your imagination in order to avoid dealing with them directly. You are also rather gullible and naive about people, especially if your sympathy has been aroused. You are very sensitive to music and can use it to bring yourself into emotional balance and harmony.

## MERCURY IN CANCER

You are highly interested in inner, subjective, and personal issues, and your thinking is based more on feelings, intuition, personal experiences, and prejudices rather than reason or logic. Intellectual abilities and accomplishments without heart or soul mean little to you. You are empathic and would be an excellent counselor, for you are a sensitive listener and deeply interested in a person's feelings and inner life.

In addition to psychology, you are drawn to education, art, poetry, music, or mythology. You are not especially confident about speaking in public, but will open up and share your thoughts in small, intimate groups. You enjoy keeping a diary or personal journal and reading the chronicles of others' lives and personal development.

## MERCURY IN 7TH HOUSE

You are often involved in verbal exchanges, interviewing, discussing, debating, counseling, negotiating, getting and giving feedback, and sharing information. You are drawn to intelligent and verbal people, with whom you can communicate and from whom you can learn. You love to have an audience to hear your ideas, and you also appreciate eloquent presentations by others.

## VENUS IN LEO

Warmhearted and generous in love, you cannot tolerate pettiness or stinginess in your partner. You want a Hero, a Prince or Princess to idolize and adore, someone you wholeheartedly admire and can be proud of. You are tremendously loyal and devoted once you give your heart to someone.

You crave love, appreciation, and attention from others and hate to be ignored. You are rather susceptible to flattery and love to feel SPECIAL. You enjoy some drama and color in your love life and grand romantic gestures or an extravagant expression of generosity impresses you.

## VENUS IN 8TH HOUSE

You crave very intense, deep, emotional relationships, and would even prefer a stormy, tumultuous relationship to one which is smooth but lacking vitality and passion. You love wholeheartedly and expect all-consuming, total devotion and attention from your partner. Casual, light relationships hold no appeal for you.

## VENUS HARD ASPECT MARS

You are intensely amorous and attractive to the opposite sex, and are not inclined to friendly platonic relationships.

There is much tension in your love life often because you put your desires ahead of your partner's, and are impatient about having your love needs satisfied. The whole arena of love, romance, and sex is endlessly fascinating for you and you are not happy without a love partner. You can "burn yourself out" by pouring so much of your energy into romance.

## VENUS SOFT ASPECT JUPITER

You appreciate beautiful surroundings and congenial company, and though you enjoy helping people, you will rarely put yourself out too much in order to do so. You are good-humored and generous at heart but inclined to be lazy.

## VENUS CONJ URANUS

You are excitable, spontaneous, and easily aroused emotionally and sexually. You fall in love very quickly and have little self-restraint or concern for propriety when your feelings have been stirred. However, it may be difficult for you to sustain a relationship after the first rush of excitement wanes, especially if your partner is basically a conservative person who does not like to change or experiment. Nontraditional relationships appeal to you, and personal freedom is highly important to you.

## VENUS CONJ PLUTO

You have deep, compelling love feelings that seem irresistible and often irrational. Your love relationships are very passionate and intense, and you experience both agony and ecstasy in love. You are always changed in a deep, fundamental way by your love experiences, though this may come about through painful and difficult confrontations or separations. You are something of an emotional fanatic about things you care about.

## MARS IN GEMINI

You are a "busy bee" - energetic, restless, and forever on the go. Your active mind is always buzzing with ideas and you find it difficult sometimes to relax, slow down, or take time to reflect and replenish yourself. You tend to live on nervous energy.

You can accomplish much in short bursts but projects that require long-term commitment, stamina, and steady, persistent effort are not easy for you. You often scatter your energies into so many directions and activities at once that you cannot finish or follow through on some of them. You need variety, change, and mental challenges.

You have a sharp and eager mind, and you enjoy games and competitions that have a mental component. You like to match wits with someone else.

You often achieve your desires by your verbal skill, your ability to speak clearly, vigorously, and convincingly for what you want. Your drive and energy is more mental than physical. You use your wit, intelligence, communication skills, social sophistication, and awareness to achieve your goals.

## MARS IN 5TH HOUSE

You play vigorously and enjoy competitive games and physical rough-and-tumble activities. Athletics and/or physical activities have great appeal for you. You take the initiative in sports and also in romance: you are ardent in pursuing ANYTHING you desire.

## MARS HARD ASPECT PLUTO

You have a powerful will and when you want something, you pursue it passionately and relentlessly until you achieve it. You may be so driven by your desire that you lose all objectivity. You often become compulsive, even obsessed, with doing or achieving something, no matter what the costs or how hard you must work for it. Your forcefulness may be veiled or subtle, for often you do not reveal your real aims and intentions to others until they cross you. Intense power struggles and relationships with a strong dominance/submissiveness theme are likely. You have enormous energy reserves, and are capable of extraordinary effort and great achievement if you use your energies for constructive purposes.

## JUPITER IN SAGITTARIUS

Your strength lies in your ability to see the whole, rather than only the parts which compose it. You have a deep need to explore the world and to develop your own philosophy of life and sense of personal meaning. You vacillate between being open-minded and tolerant of differing views, and being dogmatic or overly zealous about your own viewpoint.

## JUPITER IN 12TH HOUSE

You are drawn to social work, the ministry, giving your time and energy to charitable organizations, or to serving and helping the disadvantaged in some way. Your generosity and unselfishness will bring you and others much good.

## JUPITER SOFT ASPECT URANUS

You have a knack for bringing new ideas and plans into fruition with less difficulty than others. Your positive, enthusiastic attitude attracts helpful situations and opportunities to you.

## SATURN IN CAPRICORN

You have a great capacity for self-denial in the pursuit of a long-range goal. You are capable of hard work and persistent labor, but you may lack joyfulness and the ability to play. You often feel burdened by life's demands and responsibilities, and may envy those who seem to attract what they want in life without a great deal of personal effort.

There is a very judgmental, stern, and uncompromising side of yourself which may inhibit you a great deal. You must avoid becoming heavy and cynical, or becoming a rather callous, sophisticated adult whose practicality and realism squeeze out the playful, imaginative side of life.

## SATURN IN 1ST HOUSE

You have a mature, disciplined, serious attitude toward life which colors everything you do. Caution and realism are your virtues though you limit yourself at times by being too careful, shy, or fearful, and not believing in yourself enough or being assertive when necessary.

Others find you difficult to get to know intimately, as you tend to distance yourself from them or to put forth a rather stern, "adult" face to the world.

## URANUS IN LEO

You are part of a 7 year group of people who are unusually self-willed, proud, and egotistical. You are a group that defies authority and insists on having its own way. Parents and school teachers found that it was extremely difficult to discipline your age group. Governments that are repressive to individual expression and freedom meet a great deal of resistance from your age group, and you tend to rise up against any form of tyranny and oppressive rule.

## URANUS IN 8TH HOUSE

Your life is characterized by sudden disruptions and events which change the direction of your life quite unexpectedly. You may be impatient and reckless at certain times, impulsively acting out your urge for new life and change. You are an emotionally complex person and you are capable of intense, unexpected outbursts of feelings and desires.

If you share material assets and resources with another person (as in a marriage or business partnership), your fortunes are likely to fluctuate wildly or change quickly for better or worse.

## NEPTUNE IN SCORPIO

You are part of a 14 year group of people that have very intense psychic sensitivity and imagination. Your age group is very attracted to the strange, weird, and unusual. The sense of the macabre and bizarre is strong, and this is reflected in much of the music, art, and fashions of your age group. Novels and movies with mystery and chilling suspense are also popular with your age group. Emotional depression, drug use, and suicide are likely to be relatively high in your age group. There is also a deep mystical sense, and Eastern religions and meditation are very attractive to your age group.

## NEPTUNE IN 10TH HOUSE

You are a very idealistic person, and you want to see your ideals, hopes, and dreams made concrete and real in the everyday world. You are driven to put your ideals into action.

When young you may be rather aimless or confused about your place in the world. In early adult life it is likely that you struggle to find ways to express your imagination, fantasies, and ideals in your career. Work that involves compassionate service (such as medicine or the ministry) may be your calling. If you lack personal integrity and honesty, you quickly go to the opposite extreme and you can con others through dishonesty and trickery. Music, art, film-making or entertainment are also areas in which you are well-suited.

## NEPTUNE SOFT ASPECT PLUTO

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

## PLUTO IN VIRGO

You are part of a 15 year group of people that are driven by the need to find an ethical standard and a clear sense of what is right and what is wrong. There is a subconscious drive to straighten out all the world's evils and create a world of perfect order. There is a feeling of repulsion to anything ugly, dirty, or grotesque. Oddly enough, there is also often a fascination with these very things that are so distasteful, and often a feeling of hopelessness and despair about the world's condition.

These inner, emotional and conflicting qualities are reflected in the attitudes and life styles of your generation. Most people of your age group are conservative and ethical, and a small minority goes to the opposite extreme and relishes being strange or unusual in appearance, and sloppy or even grotesque in manners and appearance. There seems to be no middle ground for your generation.

Usually, the rebellious type of behavior comes out during adolescence, and tends to subside thereafter, and your age group tends to be very conservative in later life.

Your age group is not very good at compromising and tends to have strong ideas about what is right and what is wrong. There is a strong feeling that you must extinguish evil in the world. Certainly, fostering good works is very commendable, but a categorical and simple-minded response to complex issues is not helpful. Your age group will undergo great transformations in attitudes regarding Good and Evil and will swing to great extremes. Your generation will also make great contributions in the areas of medicine and nutrition, ecology, and education.

### PLUTO IN 8TH HOUSE

You are a person of great depth and have a deep interest in the hidden or darker side of life. Issues and experiences others shun, you are drawn to and compelled to examine. The use and misuse of personal, social, and political power intrigues you. Death is also an area you are fascinated with and may explore in depth. You may have many experiences in which you are forced to burn your bridges and start over again.
