Establishes the growth of all physical bodies incorporated under the Zodiac, the body consciousness that aggregate intelligence of the body's cells.

4th Stage of Unfoldment:
 Effect of Organization

“The relationship we have with ourself determines the relationship we have with others.”

SUN IN LIBRA

Harmony and balance are your keynotes. You instinctively understand the need to accommodate other peoples' interests and desires, and you are always fair and willing to meet the other person half way. Tactful, diplomatic, and with considerable social awareness, you do all you can to avoid conflict and discord. You express a spirit of cooperation and compromise and often achieve through charm and discretion what would have been impossible to achieve by a direct, forceful approach.

Getting along with others and pleasing them may be TOO important to you, for you can be too

dependent on others' approval and opinions to make your own decisions. You will rarely act without getting the counsel and feedback of other people. You prefer sharing and doing things together rather than on your own. Being alone feels very unnatural to you, and you have a strong need for a partner and intimate one-to-one relationships.

You invest a great deal of your energy in personal love and you are very idealistic and romantic about marriage. You seek a partner who is your equal intellectually, and who is capable of a mental relationship as well as a physical and emotional one. You make a thoughtful, considerate friend or lover, and

you enjoy the traditional symbols of love - courtship, flowers, etc. Relationships are like an art to you, one that requires time, attention, and creative effort. You appreciate a partner who is subtle and polished, never coarse or dull or blunt.

You also have a strong need for beautiful, harmonious surroundings and a natural sense of artistic style and grace, which is reflected in the way you dress, furnish and arrange your home and workspace, etc. Everything must be aesthetically pleasing and appropriate. Either working with people as a counselor, advisor, consultant, or negotiator - or in an artistic field such as design or

photography, would be fulfilling to you.

SUN IN 11TH HOUSE

Leading groups and classes, and being involved in community efforts, social activities, events or movements are areas where you really shine and express your creativity. An awareness of politics or the larger social impact of individual actions is natural to you.

SUN SOFT ASPECT MOON

You feel that you have the support of your family or others in your environment for your creative efforts and personal goals, which enables you to act with confidence. You are able to satisfy both your need to be an individual, and your need for caring relationships and a sense of belonging. You are in harmony with yourself and are therefore an effective individual.

SUN CONJ VENUS

You are loving and well-loved by others, and have a strong need for kindness, friendship, and affection. Your artistic and creative powers are also well developed and you do everything in a harmonious, gracious, pleasing manner. Aesthetics are very important to you. Your personal appearance and attractiveness are also very important to you.

SUN SOFT ASPECT MARS

You are positive, vital, energetic, active, go-getter. You enjoy competition, and your initiative and self-confidence make you a winner.

SUN CONJ SATURN

You have a mature and often somber demeanor. You are serious, reserved, self-disciplined, highly responsible and conscientious. You advance in life rather slowly, through your own efforts and persistence. You are also rather stern and judgmental, especially with yourself. Cautious and careful, it is difficult for you to really let go, to be spontaneous and playful. You like to be in control of yourself.

SUN CONJ PLUTO

Inwardly you are zealous and fanatical, though you may hide your personal desires and intentions, and the intensity of your feelings. You are driven by a deep inner sense of destiny and mission and an almost compulsive desire for personal recognition. You have an infatuation with power and are incredibly willful and stubbornly

fixated on achieving greatness or being Somebody Special. You tend to worship heroes who have powerful personal magnetism and charisma, and often seek to emulate them. You have potential for tremendous good or tremendous evil.

MOON IN LEO

Warm, loving, and generous in your affections, you inspire tremendous devotion and loyalty in your loved ones. This is good, since you would never settle for anything less! You want to be adored and worshipped like the king or queen that you feel you are, and it is difficult for anyone to resist the warmth and attention you lavish on those you care about. You have a great deal of pride and need to be recognized and appreciated. The way to really hurt your feelings is to ignore you. You are genuine, sincere, and have a strong sense of personal integrity. You hate emotional games and dishonesty.

MOON IN 10TH HOUSE

You work well with the public and have an instinct for what the public wants and will respond to. Having a "nest" is not especially important to you, and you may invest more of your emotional energy into your career or public life than in your private life. Providing for and caring for others in a professional capacity is very likely.

MOON SOFT ASPECT SATURN

You have an inner poise and balance that enables you to act in a cool, efficient manner during emotional traumas and stress. You keep perspective and objectivity about highly charged emotional issues - sometimes to the chagrin of others who might wish that you would react more intensely. You are quietly supportive and faithful to your friends and loved ones.

MOON SOFT ASPECT NEPTUNE

The beauty and harmony of your surroundings has a very powerful effect on your emotions. You are very sensitive and cannot stand to be in an atmosphere where there is discord or dissonance. Gentle, kindhearted, and peace-loving, you will give or sacrifice much in order to avoid a fight and to "make everyone happy".

MERCURY IN LIBRA

One of your greatest assets is your ability to see both sides of an issue, and to negotiate and bring about compromise and reconciliation. Tactful, reasonable, and with considerable social finesse, you work well with people in business as well as in personal relationships. You are objective and somewhat detached from emotional bias, and make an excellent consultant, mediator, or public relations person. You insist upon fairness and seek to bring harmony or at least peaceful coexistence between people, and your diplomacy is a benefit in any business or social situation. You also have fine aesthetic sensitivities and could work in an artistic or cultural environment.

MERCURY IN 11TH HOUSE

You have a good understanding of group trends, politics, mass movements, and community affairs. Sharing ideas with groups of people is something you do well and are likely to be involved with. You collaborate well in group efforts and are likely to be part of a successful team or large organization.

MERCURY SOFT ASPECT URANUS

Independent and free-thinking, you dislike being told what to do and how to do it, and you especially do not like being told how to think, for you insist on discovering your own truth. You do well in a rather unstructured environment that allows you to make your own decisions and to respond to the needs of the moment, rather than following a routine, standardized way of doing things. You are also suited to a fast-paced atmosphere, which you find exciting and stimulating. Your mind functions in an intuitive, nonlinear fashion and sudden insights and flashes of inspiration often come to you "out of the blue". You have an aptitude for science and new technologies especially interest you. You also have a penchant for astrology or other esoteric sciences.

MERCURY HARD ASPECT NEPTUNE

Your mind is highly imaginative and creative and you possess dramatic, artistic, or musical abilities. As a child, you enjoyed daydreaming, fantasizing, pretending, and probably lived in "your own little world" a good deal. You perceive things which are not obvious to other people and you

and you have an uncanny ability to "read" people and situations without being told anything about them. However, you must learn to discriminate between a true psychic perception and your imagination. Learning to discipline and focus your mind is necessary if you wish to use all of your creative potential. Otherwise, you could be simply a dreamer.

Communication with others is difficult for you because you often find words frustrating and inadequate to express your experiences and perceptions. Also, you may purposefully mystify or deceive others.

VENUS IN LIBRA

You possess the gifts of tact, courtesy, consideration, and a strong desire to please and understand your love partner. Because you value harmony so much, you will compromise a great deal to avoid any discord or conflict. You do not like to dwell on controversial or emotionally difficult subjects, and often try to "smooth things over" or "sweep them under the rug".

In love, you want an intellectual peer, an equal, and a friend. You are attracted to people who have a certain finesse, delicacy, and subtlety. You appreciate good manners and refinement and are not happy with a coarse, blunt type of person.

VENUS IN 11TH HOUSE

You are a very sociable, congenial person and you wilt very quickly without the company of good friends and people to share good times with. You thoroughly enjoy working with others on group projects or community activities. You are quite happy when you are a part of a club, support group, or team of some sort.

VENUS SOFT ASPECT MARS

You are warmly romantic and openly express your appreciation and love of the opposite sex, though rarely in a crude or insensitive manner. You enjoy playing match-maker and bringing people together romantically. Fulfillment and harmony in love is likely for you because you know what you want and need in a romantic sense and express those desires honestly.

MARS IN SAGITTARIUS

You are aspiring, enterprising, and forever following some bright and distant star, planning some new venture or investigating new potentials. You are definitely "upwardly mobile" in either a material or spiritual sense (or both). You aim high and are not content simply with a quiet, secure existence. You like to stretch your limits, to see how far you can go, and to take risks. You are a positive thinker, expect success for yourself, and are philosophical about failures. You are flexible and bounce back from disappointment rather quickly, usually with another hopeful new idea you want to try. Your enthusiasm and confidence are contagious and enable you to enlist the aid and support you need for your projects. However, you sometimes promise more than you can actually achieve, due to over-optimism or insufficient attention to the practicalities involved.

You also tend to get distracted and to have too many things going at once. Although it is very difficult for you, there are times when you simply must develop commitment, perseverance, and persistence in order to make your dreams and goals a concrete reality. Too often you fall short of what you could attain because you are unwilling to persist through the difficult or less exciting times.

You also enjoy competition and usually do not take it too seriously. Either sports or entrepreneurship would be good ways to channel your energy.

MARS IN 2ND HOUSE

You often buy things on impulse and you can be reckless with your material resources and money. You have certain possessions that you are extremely attached to and possessive of.

MARS CONJ NEPTUNE

You have a very active and fertile imagination and your ambitions are never strictly mundane, practical, and concrete. You have a strong desire to act out your fantasies, dreams, visions, and ideals. Artistic creation, drama, or other areas in which you can express yourself imaginatively are excellent for you. Ordinary

life seems drab and uninteresting to you, and you need to have some big dream or something larger than your own narrow personal interests to live for. Sometimes you may be confused about exactly how and where to direct your energy and often drift along rather than making clear decisions about what you want. You have a passive side and at times lack the will power, physical energy, strength, and the fighting spirit to achieve your aims.

JUPITER IN SCORPIO

Your strength lies in your unwillingness to settle for superficiality or shallowness in any area of your life. You are unafraid of going to extremes and experiencing the depths. The mysterious and the unknown are very attractive to you. Your intuitive understanding of others' inner drives and motivations is highly developed also.

JUPITER IN 1ST HOUSE

You have an optimistic outlook on life and to others you appear jovial, confident, and expansive. You do what you can to be encouraging and helpful to other people, and your generosity and lack of pettiness makes you very well-liked.

Because you see yourself as a lucky person, you may feel that you can "get away with anything", without negative consequences. You tend to go to excess and have little sense of moderation (or even caution, at times).

SATURN IN LIBRA

You take your personal relationships so seriously that they may seem more like work, constant effort, and compromise, rather than a free and enjoyable sharing. You may feel that relationships in general require more of you than they are worth, and you enter into any close relationship cautiously and conscientiously. You also fear entrapment in close relationships.

SATURN IN 12TH HOUSE

You may have nebulous but ever-present guilt and fears that are difficult to pinpoint or

eradicate. It's as if you don't trust Life itself, and are always seeking ways to defend yourself from its dangers and its unknowns. You must learn to overcome your ingrained habit of discouragement and anxiety, and to see the world more as a friendly place than as a treacherous one.

SATURN SOFT ASPECT NEPTUNE

You are able to do your work and take responsibility for overcoming your own problems and challenges in life, while at the same time being open to spiritual comfort, aid and guidance. A good balance between being well-grounded and being receptive to spirit or the inner world is working in your favor. Enjoying simplicity and cultivating peace enable you to evolve and to work through your challenges.

SATURN CONJ PLUTO

You are suspicious of groups, crowds, and social organizations. You are quick to notice social games and insincerities, and you avoid the limelight and glamour. You are direct and to the point in speech and manner, stubborn and inflexible, and often unwilling to communicate your innermost feelings and thoughts.

URANUS IN SAGITTARIUS

You are part of a 7 year group of people who are extremely enterprising and forward-looking. You are optimists and explorers. Your age group shoots for the stars, figuratively and literally. Space exploration takes on new dimensions as your age group pushes fervently to the next frontier. There is a buoyant and youthful optimism and enthusiasm in your group, and you have your share of great discoveries as well as pipe dreams and disillusionment. The discoveries and contributions, however, are many, and more than compensate for the failures.

URANUS IN 1ST HOUSE

You are an unconventional and innovative person, and you are seen as a rebel, reformer, or highly unusual in your manners, appearance, or attitudes. You enjoy being unpredictable, and you do not conform to the standards that other

people have set. Above all, you are an individual, and you do what you please regardless of customs and norms. Your environment and life circumstances may change frequently and abruptly.

NEPTUNE IN SAGITTARIUS

You are part of a 14 year group of people that are extremely idealistic and farsighted in their dreams. Your age group is very liberal and expansive in outlook, and consequently churches become much more flexible and more eclectic in their approach during your life time. Religions that do not adapt to the broad-minded attitude of your age group simply are unable to attract very much interest and involvement from you.

A great deal of metaphysical musing and speculation is evident in your age group, and there is a very strong interest in all manner of psychic phenomena, UFO's, prophecy, etc. This interest will open many new doors and insights, but will also often lead to a great deal of fantasizing and speculation that is taken more seriously than it should be.

NEPTUNE IN 2ND HOUSE

You may have a great deal of confusion over money, financial matters, and ownership. Perhaps these things mean very little to you. Or possibly you simply don't know how to deal with them in a realistic, effective way.

Also, you may make your living through artistic, musical, or highly imaginative endeavors.

NEPTUNE SOFT ASPECT PLUTO

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

PLUTO IN LIBRA

You are part of a 12 year group of people who are deeply interested in personal relationships. Your age group has a deeply-rooted yearning to see people relating and

communicating with each other effectively and harmoniously. There is little egotism and a willingness to hear the other person's side of the story and a readiness to compromise and arbitrate different points of view. In fact, the need for harmonious, peaceful relationships is so strong that there is a tendency to overlook real differences and to focus only on the similarities in an attempt to bring different parties into harmony with each other.

Interest in psychology and sociology is high in your age group. There is a tremendous heightening of awareness of social skills. Your age group will experiment with different marriage styles, family relationships, and even business relationships in an attempt to bring fair treatment and effective communication between people. Interest and appreciation for other cultures is also strong, and your age group will work hard to preserve and support the cultural heritage of all ethnic groups.

Your strong yearning for equitable and harmonious relationships is also reflected in major advancements in trade agreements, arms control, and international cooperation that are designed and implemented by your generation. These agreements and policies foster a much safer and more cooperative environment for all, although there is also a tendency for greedy individuals to take advantage of the conciliatory atmosphere and twist situations to their own ends.

In short, you are part of a generation of individuals who are deeply interested in other people; you are a humanistic and humanitarian group. You will struggle and experiment with personal relationships, and forge new models for how people can relate as friends, family members, and members of nations as well.

PLUTO IN 12TH HOUSE

You have a deep interest in secrets, the underworld or unconscious, and anything hidden and mysterious. Psychoanalysis, investigating your dreams, and other methods of uncovering secrets are very interesting to you. You may be exceptionally perceptive

intuitively or psychically. Your emotions and subconscious energies are complex, and periodic transformations and personal crises are sprinkled liberally throughout your lifetime.
