-----  
Divine Mother Principle  
-----

Female is the quality associated with the Will as male is with the Spirit.

Feelings have been equated with female and action with male.

Spirit is equated with light and positive charge and the Will is equated with negative charge and darkness.

Women have been equated with negative and negative with undesirable or unwanted.

Women have been seen as dark or bad or even as the root of all evil.

In truth, negative is not darkness.

The negative charge of the Will is the energy that can vibrate darkness and open space to receive light.

This vibration is the magnetic, emotional energy that can attract light.

When this vibration is judged against, it cannot attract Loving Light.

People must realize that all emotions expressing freely within loving acceptance open them to receive Loving Light.

As well as the other aspects of the Will, feelings are a divine and necessary part of every man and woman.

It is essential for Earth to recognize and align with the negative energy that has been so misunderstood and maligned when the position of the Will is restored to balance within men and women.

Inspiration and response will balance and blend according to what is appropriate.

Receptivity and response are meant to be associated with the feminine aspect and inspiration and action with the male aspect in both men and women.

The Will is the feminine aspect of My Light and is my Divine Mother Principle.
